

Community Market Day, Saturday, October 27

SPECIAL MEETING OF CHAMBER OF COM.

RESOLUTION PASSED ASKING EARLIER MAIL.

TWO IMPORTANT QUESTIONS

Everybody Present Favored Reception to Teachers and Community Market Day Sale.

There was a special meeting of the Huntington Beach Chamber of Commerce in the city hall, Monday night, for the purpose of considering tendering a reception to teachers and a "Community Market Day."

R. L. Obarr, chairman of the entertainment committee, stated that the band would be out of the city Friday evening and therefore could not be secured for the proposed reception to teachers. Mr. Obarr said that no service could be secured at the Huntington Inn for less than \$1 per plate on such occasions as the one contemplated.

Judge Louis A. Copeland suggested that a report of the Community Day fund be made and the balance be turned over to the Chamber of Commerce, which was adopted.

Judge Copeland favored the Chamber of Commerce giving a reception to teachers, saying it would be a splendid manner in which to create a better community spirit.

Ralph C. Turner was strongly in favor of a banquet, although the service did cost \$1 per plate, as he believed it was a good investment for the Chamber of Commerce. The reception was favored by F. H. McElfresh and Judge C. W. Warner, and a motion prevailed that a banquet be given at the Inn Friday night.

Mrs. Alex. P. Nelson suggested that a reception committee be appointed.

Judge Copeland said that there was a movement for a "Community Market Day," or sales day, which he believed would be a good move for the entire community.

Mr. Turner was particularly enthusiastic about the "Community Market Day," saying that the manner in which it was planned surely would appeal to every business man in the city. It would be no great big affair that would require donations, about the only cost being an advertisement, on which an uniform price would be made to all.

The sales day was favored by President of the Board of Trustees Will Tarbox, Mr. Obarr, Mr. McElfresh, City Attorney Alex. P. Nelson and Mrs. Nelson. A motion prevailed unanimously that the sale be held Saturday, October 20th.

The committee decided Tuesday that the time was too short, and the sale will be held one week later, October 27th.

Mr. McElfresh called the members' attention to the late arrival of the evening mail, saying it was too late to be of much benefit to anyone, and caused the office to be closed for distribution before the departure of the mail, which was an added inconvenience. On motion of Mr. McElfresh, the secretary was directed to draw a resolution favoring an earlier train for this mail.

Mr. Obarr said the matter of having a municipal Christmas tree was being considered, and the idea met with the approval of those present.

BAND WILL GO TO SANTA ANA TONIGHT.

WILL PRACTICE WITH THE SANTA ANA BAND.

The Huntington Beach Municipal Band will go to Santa Ana this (Friday) evening to practice with the Santa Ana band, preparatory for the proposed massed band concerts to be given in the Orange county towns that have bands.

The plan was originated by Chas. H. Endicott, director of the Huntington Beach band, and appears to have met with favor by the other musical organizations of the county.

SUCCESSFUL RECEPTION AT THE CONSERVATORY.

MANY VISITORS ENTERTAINED AT NEW QUARTERS.

Saturday of last week was reception day at the Valentine Conservatory of Music and Arts, and a large number of callers were entertained during the reception periods of the afternoon.

The faculty was assisted in receiving in the evening by Mrs. Geo. O. Franklin.

Mrs. Dora White's vocal numbers were much appreciated, especially the compositions of Carrie Jacobs Bond. Miss Eva C. Conway's art exhibit brought many compliments. A water color sketch from nature of Bear Lake, a large winter scene in oils and a portrait in black and white were the favorites. Miss Conway cut some paper souvenirs, free-hand, of flowers, birds, palms, etc.

The special musical treats were the whistling solos of little ten-year-old Gladys Harrison and piano numbers from her sister, Thelma, who also accompanied Gladys on the piano. Miss Thelma played, among other solos, "The Pipes of Pan," "Hark, Hark, the Lark," Schubert-Listz; Chopin's "Minute Waltz," Raff's "Le Fileuse."

All guests were entertained in the wonderful way in which little Charlotte Eader, age 4, daughter of Mr. and Mrs. John H. Eader, demonstrated in games her musical knowledge.

Miss Gladys Bollon rendered several brilliant piano solos; also a piano duet with Mrs. White.

Miss Janie Decker sang, by request, a sacred solo.

Mrs. Cunningham favored the guests with three movements from Beethoven's "Grand Sonata," a Mendelssohn "Song Without Words" and some lighter encores.

The rooms were a bower of ferns and flowers, and ice cream and cake were served to all by the young lady students of the conservatory.

Among the guests who called were: Mrs. A. H. Harrison and daughters, Gladys and Thelma, of Hollywood; Mrs. D. G. Malcolmson of Los Angeles; Teddy McCain of Balboa; Mrs. Elsie Greenwald, Dorothy Greenwald, Mrs. W. A. Guyer, Miss Grace Guyer, Mrs. H. J. MacGregor, Helen MacGregor, Mrs. Harry McCain, Margaret Lockhart, Eva Lockhart, Miss Clara Clark, Mrs. J. H. Eader, Charlotte Eader, Forest DuBois, Mr. and Mrs. L. J. Hahn and family, Miss Bernice Newland, Miss Bertha Proctor, Miss Theresa Hallicy, Mrs. George A. Hall, Alta Hall, Lena Hall, Mrs. Effie Mae Franklin, Miss Ethelyn Young, Mrs. Ed Manning and family, Miss Lucile Davenport, Miss Georgia Stebbins, Geneva Ethel Morehouse, Miss Edna Nichols, Mr. and Mrs. H. C. Decker, Charles Decker, Miss Janie Decker, Mrs. Geo. Darst and family, Mrs. E. A. Payne, Mr. and Mrs. L. E. Worth, Chester B. Helme, Mrs. Ada Moore and family, Mrs. Martha Insley and Mrs. C. B. Higgins.

SMELTZER MAN HAS BIG YIELD OF LIMAS.

GEO. W. MOORE THRESHES 1800 SACKS FROM 60 ACRES.

One of the biggest yields of lima beans in this section is the crop threshed by Geo. W. Moore of the Smeltzer district. Mr. Moore finished threshing his crop Wednesday evening, the total being 1800 80-pound bags, or 30 bags per acre for his crop. One tract of 20 acres showed a yield of 35 bags per acre.

Mr. Moore's crop, at present market values, is worth about \$20,000, making a return of \$371 per acre, which is phenomenal to say the least.

This income will pay 7 per cent interest on a valuation of about \$5,000 per acre on the land where the crop was grown.

Mr. Moore is president of the Smeltzer Lima Bean Growers' Association, and one of the most successful growers in the county.

WILL OPEN NEW DAIRY SOON.

Stanley Coates, who was with the Southern California Edison Company up to October 1st, is preparing to open a dairy on his 10-acre ranch, near Westminster.

RECEPTION TO THE EDUCATORS TONIGHT

REFRESHMENTS WILL BE SERVED.

EVERYBODY CORDIALLY INVITED

Reception Will Be Under the Auspices of the Chamber of Commerce; Spirit of Co-operation Desired.

There will be a reception to the faculties of the High and Grammar schools and members of the school boards, in the Grammar school, this (Friday) evening, beginning at 7:30. The affair will be under the auspices of the Huntington Beach Chamber of Commerce, with the hope of cultivating the community spirit of co-operation.

Refreshments will be served free to all who attend, and it is hoped that all who feel interested in the welfare of the public schools will be present on this occasion and meet those who have charge of training the coming generation.

Nearly everybody is interested in the schools, whether they have children in them or not, and it is believed that the attendance will be a record breaker.

The arrangements for the reception are in charge of R. L. Obarr and Ralph C. Turner of the entertainment committee of the Chamber of Commerce.

At the special meeting of the Chamber of Commerce, Monday night, it was decided to give a banquet at the Huntington Inn, but it was decided Tuesday morning to make the change as above indicated. The reception is intended for adults only.

P. T. A. DISTRICT FOUR OF ORANGE COUNTY WILL MEET IN NEWPORT BEACH SATURDAY.

The first regular all-day meeting of the California Congress of Mothers and P. T. A. District 4, Orange county, for 1917-18 will be held in the Newport Beach school house on Saturday, Oct. 13th, beginning at 10 o'clock a. m.

There will be an instructive paper on county circulating libraries.

An address by Dr. Snyder, principal of Hollywood High school at 3 o'clock. Subject, "Conservation in Relation to the War."

From 1:30 to 2:00 o'clock p. m., the school children will present a musical and literary program.

Part of the morning session will be devoted to a question box, in which all are invited to participate.

Lunch will be provided in the usual way, each person taking one article of food, and the hostess P. T. A. providing hot tea and coffee.

"THE CLEAN-UP" AT PRINCESS SAT. NIGHT.

"GOD'S LAW AND MAN'S" TUESDAY EVENING.

The eagerness with which the public grasps the slightest chance to laugh at comedy situations indicates the satisfaction that will come from witnessing the all-laugh Bluebird, "The Clean-Up," which will be seen at the Princess Saturday night. Good comedy, exciting melodrama and an engaging love story is the combination that is bound to make this one of the most popular pictures ever shown in Huntington Beach. It is a satire on the "reform" movement prevalent in many communities throughout the country. The fun resulting from the efforts of the "Purity League" to clean up an already excellent city, and the league's mix-up with the advance agent of a musical comedy, is a whole show in itself, and calls forth peals of laughter. All who have seen Franklyn Farnum can appreciate his ability to handle such a situation as the advance agent of the show and the ardent lover of the banker's daughter. While the contest for "personal liberty" is in progress, the advance agent incidentally rounds up a bunch of bank robbers, who are trying to burglarize his prospective father-in-law's bank. The picture is simply beyond description. It will have to be seen to appreciate the ridiculous comedy situation, the thrilling melodrama and the real high-class love scenes. With all the fun and all the melodrama, the picture tells a really good love story of unusual heart interest, and if this is not a combination to please the majority, it will be hard to find.

To those who saw Viola Dana in "The Mortal Sin," at the Princess a short time ago, it is needless to say anything in praise of her acting. It would be like "carrying coals to Newcastle." On Tuesday evening she will be seen again, and this time in a much stronger and more spectacular picture than "The Mortal Sin." "God's Law and Man's" is a picture dealing with the fascinating mysteries of the Orient, and tells the life story of a sacred dance girl, and is filled with amazing scenic effects, showing the Oriental splendor of the Eastern Moslems and temples. Nothing has been spared in expense or effort to make this picture an example of the highest class of realism. The scenes are all laid in Punjab, India, and show the mystery of the worship of Krishna. The love theme of the story is unusual, but logical and convincing, and the escape of the dancing girl with the English officer forms but one of many thrilling situations and scenes. The picture is a feature in every sense of the word, both in photography, acting and stars. Usual Tuesday night prices: Adults, 15 cents; children, 10 cents.

DO NOT THROW DISHES AND GLASS IN ALLEYS.

PROVES A MENACE TO AUTOMOBILE TIRES.

A few days ago an automobile owner stated that he had had two tires cut by pieces of broken china and glass, which had been thrown into alleys.

No doubt this is done by persons without thinking of the damage that is occasioned to those who drive cars, and will be glad to refrain from the practice in the future.

If such rubbish is placed in a can or box in the alley it will be carted away when the garbage is collected.

ONLY A FEW DAYS MORE TO GET 25c HAIR CUTS.

BIG SUPPLY IS BEING PUT IN STORAGE.

The new price for hair cuts becomes effective next Monday, when it will cost 35 cents for that service, being an advance of 40 per cent.

The indications are that the barbers will not cut so much hair after this week, as many of their patrons have laid in big supplies of hair cuts, which will last them most of the winter. Had this been anticipated the barbers would have no doubt limited the number of hair cuts to each customer.

COMMUNITY MARKET DAY BEING PLANNED

BARGAINS WILL BE OFFERED FOR ALL.

SATURDAY, OCTOBER 27TH

Business and Professional Men Will All Make Some Low Prices; Big Business Will Result.

There is considerable activity among the business men of Huntington Beach and a "Community Market Day" has been planned for Saturday, October 27th.

Final arrangements were made at a special meeting of the Chamber of Commerce held Monday evening in the city hall.

The committee having charge of the sale day consists of F. H. McElfresh, Ralph C. Turner and C. R. Furr.

The anticipated plan is for each merchant to make some especially low prices on certain articles, and that no two merchants will be making extra low prices on the same articles.

A free concert by the Huntington Beach Municipal Band and free picture show are among the attractions mentioned.

CITY TRUSTEES DID NOT MEET MONDAY NIGHT.

ONLY THREE MEMBERS WERE PRESENT.

There was no meeting of the city trustees Monday evening for the reason that Trustees Vavra and Chapin were not present. The only matter to be considered was the remonstrance against the improvement of First street, and President Will Tarbox thought all members should be present when the question was disposed of, so an adjournment was taken until Monday night, November 5.

HAS DRIVEN ONE TIRE MORE THAN 21,000 MILES.

AN OVERSIZED TIRE ON FORD WEARS WELL.

What is believed to be close to, if not, the record for tire service in this section of the county is reported by M. A. McCreery, of the agricultural department of the Holly Sugar Corporation.

A few days ago Mr. McCreery removed one of the front tires from his Ford touring car, and when asked about the mileage, looked at his speedometer, which registered over 21,000 miles, and said the front tires had been on the machine since it had been in service, being equipped with oversized tires. One of the tires is still on the car, and looks as though it was good for four or five thousand miles more service.

This appears to prove the contention that it is profitable to use oversized tires.

C. E. LAVERING IS NOW BANK CASHIER.

JAS. J. HUNT WAS ELECTED AS ASSISTANT.

At a meeting of the directors of the First National Bank, Thursday of last week, Cecil E. Lavering was elected cashier to fill the vacancy created by Kyle Howard being drafted into the Government service, and is now doing clerical work at Camp Lewis. Jas. J. Hunt, who has been a teller in the bank since the departure of Mr. Howard, was elected as assistant cashier.

RURAL CARRIER RECEIVES \$104 PER MONTH.

The statement last week concerning the salary paid Dennis T. Hallicy, carrier on Rural Route No. 1, was erroneous, the correct amount being \$104 per month.

The Following Items Appeared in the Huntington Beach News of Oct. 11, 1907.

The peatlands adjacent to Huntington Beach are far-famed for many products, but not the least important are the babies. Three new ones last week are reported by Dr. Wilson and Dr. Shank. A boy arrived at the home of Mr. and Mrs. John Jentes, Sept. 24. Fred Coppage also has a big boy, born the day before, and the same day a girl arrived at the home of Mr. and Mrs. E. R. Bradbury.

Nearly 3000 head of sheep have been relieved of their wool at the sheep-shearing camp on the mesa northwest of town.

J. A. Lake, gardener for the Huntington Beach Company, estimates that the shipments of carnations this winter will amount to \$2000 per month. Each season the crop of carnations from the big bed near Circle Park is quite an item, and is becoming a profitable industry. The crop is all taken by Los Angeles florists.

The beet harvest in this district is drawing to a close, and a few days more will see the end of the shipments. About 15 cars are shipped daily, 10 going to Chino and 5 to Oxnard. T. J. Jones, district manager for the American Beet Sugar Company, estimates the average test will run about 16 per cent, which means that the growers will get \$4.90 per ton for their crop. Up to Oct. 1st 1398 acres had been harvested, yielding 15,288 tons, an average of nearly 11 tons per acre. W. S. Thomson is given credit for having the best crop in this section. He has 80 acres yielding from 20 to 30 tons to the acre that will bring at least \$5.00 per ton. This means considerably over \$100 per acre for the crop. Mr. Thomson has exceptionally good land, and it has been well tended. The acreage is more than 2000, and the crop will net growers over \$100,000.

William Pallet of Reo Quarto, Argentine, South America, was the guest of Mr. and Mrs. W. T. Newland this week. Some time ago Mr. Newland spent eight months with Mr. Pallet on his Argentine ranch, and contemplated going to South America and engage in the stock business, but decided to remain in Huntington Beach.

The lima bean promises to become one of the staple crops of the bottom lands around Huntington Beach. This week began the harvesting of the first big crop ever raised in this section. The acreage this year amounts to about 400 acres, and the crop gives every promise of a big one. A. L. Whiteside has 90 acres; M. Kujansky, 110; W. A. Patterson, 90; Casper Borchart, 60, and A. W. Brown, 20. Robert Gislser and others have big patches. Lima beans have been grown in small patches for several years, but this season is the first that a large acreage has been devoted to the crop. There never has been any doubt about this land producing lima beans, but the trouble has been in harvesting them. Several years ago W. T. Newland put in a large acreage, but they were so badly damaged by damp, rainy weather that he nor any one else, until this year, had the courage to try it again.

The first rain of the season fell Saturday evening, Oct. 5, but was not heavy enough to damage the beets or beans.

Engineer H. Clay Kellogg and a corps of engineers are working on the right-of-way for the river through the newly-formed Newbert Protection district.

Mrs. I. M. Clippinger, Mrs. F. E. Wilson and Mrs. J. N. Hearn are in Pasadena this week attending the Pacific branch of the Woman's Foreign Missionary Society of the Methodist church.

Society and Personal

Woman's Club.

One of the most interesting meetings of the Woman's Club held for some time was the one Tuesday afternoon in the clubhouse on Tenth street. The program was especially entertaining, including a violin solo, by Mrs. Clinton Newland; vocal solo, Miss Lucille Dayenport; a paper, "The Story of the Musical Pitch," Mrs. H. T. Dunning, and a parliamentary drill by Mrs. S. A. Moore were all much enjoyed by the members present, and reflected credit upon those taking part in the program. The hostesses for the occasion were: Mrs. Dunning, Miss Marie Bushard, Mrs. Chas. H. Endicott and Mrs. Reuben Catching.

From Washington.

J. T. Chilcoat of Morton, Wash., is in Huntington Beach looking over the back country. Mr. Chilcoat recently sold his farm in Washington and is now looking for farm land in Southern California. The land in this vicinity, Mr. Chilcoat states, is "out of sight" in price, when compared with values in the state of Washington.

Theatre Party.

Miss Edith Harris, Miss Fern Irwin, Miss Eunice Stockton, Miss Irene Engle, Miss Marie Frenger, Leo Laverling, Walter Crane, Lorraine Tarbox, John Murdy and Jack Given were members of a box theatre party that attended the Princess Tuesday night and enjoyed a prepared lunch at Jackson's Candy Shop after the show.

Birthday Party.

There was a party on the beach Sunday, complimentary to C. S. Scoles, brother of Mrs. H. D. Jackson of Jackson's Candy Shop. Mr. and Mrs. G. S. Scoles, Mr. and Mrs. Wm. Hotchkiss and A. E. Scoles of Riverside, and Mr. and Mrs. H. D. Jackson composed the party that enjoyed the dinner, including a birthday cake.

Kindergarten Outing.

The little kindergarten people enjoyed an excursion to the camp grounds Wednesday morning. They went to gather seeds and autumn leaves for use in the kindergarten room later. Similar excursions will be taken often by the little people, to develop their power of observation and appreciation of matter.

Taken Ill.

While visiting with Mrs. Gene Bodman of Los Angeles, Mrs. W. L. McKenney was taken ill Wednesday of last week. Mrs. McKenney will return to Huntington Beach as soon as her condition is such that the change may be made.

Returned from New Mexico.

W. M. Adair, the well-known grocer, returned Tuesday noon from a business trip to his old home in Las Cruces, N. M. He reports business as being good in New Mexico, and that he is glad to get back to Huntington Beach.

Divorce Granted.

In the divorce action of Lewis Bingle vs. Nora Bingle, heard at Santa Ana Thursday of last week, a decree was granted. A satisfactory property arrangement was made between the parties.

Junior Class Party.

The first social event in High school circles was the enjoyable outdoor supper given Wednesday evening at 5:30 on the beach at Thirteenth street by the Junior class.

PLUMBING WILL COST MORE NEXT WEEK.

Ed Manning, the plumber, announces that on and after next Monday he will charge \$1.00 per hour for time on plumbing work, instead of 75 cents, as in the past.

The price for labor has been advanced other places for some time, and Mr. Manning is following the general trend of war times and finds that he can no longer do work at the prices prevailing five years ago.

CHURCH OF CHRIST.

There will be preaching at the Church of Christ, corner Seventh street and Acacia avenue, every second and fourth Lord's Day in each month at three o'clock p. m.

A Letter From Washington

The Food Administrator Writes Us:

"The use of baking powder breads made of corn and other coarse flours instead of patent wheat flour is recommended by the Conservation Division of the Food Administration. The wheat needed for export is thus conserved, and at the same time healthful food for our own people is provided. The circulation of recipes providing for these uses would be of assistance in carrying out our plans."

The following recipes for Corn Bread and Rye Rolls save wheat flour and make attractive and wholesome food for every day when made with

ROYAL BAKING POWDER

CORN BREAD

1 1/2 cups corn meal
1/2 cup flour
2 level teaspoons Royal Baking Powder
1 tablespoon sugar
1 teaspoon salt
1 1/2 cups milk
2 tablespoons shortening

Mix thoroughly dry ingredients; add milk and melted shortening; beat well; pour into well greased pan and bake in hot oven about 25 minutes.

Our red, white and blue booklet "Best War Time Recipes" containing additional similar recipes sent free on request. Address Royal Baking Powder Company, Dept. H, 135 William Street, New York.

RYE ROLLS

2 cups rye flour
1/2 teaspoon salt
2 level teaspoons Royal Baking Powder
3/4 cup milk
1/2 tablespoon shortening

Sift dry ingredients together; add milk and melted shortening. Knead on floured board; shape into rolls. Put into greased pans and allow to stand in warm place 20 to 25 minutes. Bake in moderate oven 25 to 30 minutes.

NEW PARTNER IN OLD ESTABLISHED STORE.

G. F. BENTLEY BUYS INTEREST IN
W. L. M'KENNEY & CO.

George F. Bentley of Riverside has purchased the interest of Ernest Probert in the grocery firm of W. L. McKenney & Co., and will take charge next Wednesday.

Mr. Bentley has been a resident of Riverside for the past 12 years and is well known in Huntington Beach, being a nephew of Mr. McKenney and brother-in-law of M. A. Turner. He has been vice-president of the Cressmore Milling Co., a large building and contracting firm and planing mill and furniture factory.

The transfer also involves an exchange of residences between Mr. Bentley and Mr. Probert, and Mr. Bentley, with his mother, Mrs. Celia M. Bentley, and daughter, Muriel, 10 years of age, will occupy the Probert home on Seventeenth street.

The firm is the oldest established grocery house in this section of Orange county and has an extended business both in the city and country district.

Mr. Bentley is known as a "live wire" in the business world and will no doubt be of great value to the firm.

Mr. Probert has been identified with the store for the past 4 1/2 years, but has never felt at home in the grocery business, being an electrical engineer of recognized ability. He had charge of the installation of the electrical machinery in the Holly sugar factory. Since the outbreak of the war, Mr. Probert has had so many positions offered him in his chosen work that he decided to dispose of his interest in the grocery business. Mr. and Mrs. Probert have resided here since February, 1911.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

To Hear Billy Sunday.

Wednesday evening Guy Mansperger took a truck load of Westminster people to Los Angeles to hear Billy Sunday. Mr. Mansperger fixed his milk truck up with comfortable seats, charging 50c for the round trip. Twenty-six passengers made the trip, and all were very much pleased. The truck rode fine, the night was pleasant and the driver careful, and everybody enjoyed the sermon and the ride. Those going were Mr. and Mrs. S. C. Thompson, Mr. and Mrs. O. B. Byram, Mr. and Mrs. E. A. Hare, Mr. and Mrs. W. B. McCoy, Mr. and Mrs. J. Whitney, Mrs. J. Walton, Mrs. Carl Hagen, Mrs. Chas. Smithling, Mrs. Geo. Waters, Misses Leora Blakey, Opal Stoves, Elizabeth Reed, Bertha Dickey, Fern Byram, Grace Whitney, and Messrs. W. H. Bentley, E. S. Reed, H. Rutter, Lester Waters, Chas. Walton and Albert Walton. At the same time Mr. and Mrs. Willis Warner, Mrs. A. J. Foglar, May Foglar and Ross Foglar made the trip in the Warner machine. Rev. W. T. Wardle and Mrs. J. F. Patterson, who were in the city, attended the service the same evening, making thirty-four from Westminster.

From Greenville.

Rev. and Mrs. Leon W. Moore and children of Greenville, Monterey county, a former pastor of the Methodist church here, who have been attending the Methodist conference at Long Beach, were in town calling on old friends Monday. They were accompanied by Mrs. Moore's parents, Mr. and Mrs. Munson of Pasadena. Rev. Moore and family are always welcome visitors here.

PACIFIC ELECTRIC'S WARTIME EFFICIENCY.

The wartime accomplishments of the Pacific Electric Company, in its freight operations, has been reported by President Paul Shoup to the Railroads War Board. The report shows that all Pacific Electric cars ordered for government business have been furnished promptly, and that the company, by earnest attention to car service, has avoided car shortage and is furnishing equipment for loading 100 per cent.

"Our box cars," says President Shoup, "increased 14,174 loaded miles in August over the same month a year ago, which indicates intelligent use of equipment in that we decreased empty car haulage during the same period by 124 miles."

"The quick return of foreign cars to our connections is shown by the fact that we reduced the daily rental charges for other cars on our lines by 4,301 in July as compared with the same month last year."

President Shoup also in his report expressed appreciation for the assistance of Southern California shippers in the campaign for full loading and prompt handling of Pacific Electric freight cars.

WEEKLY GREETING.

The eastern empires and nations owe their false government to the misconception of Deity there prevalent. Tyranny, intolerance and bloodshed, wherever found, arise from the belief that the Infinite is formed after the pattern of mortal personality, passion and impulse.—Science and Health (page 94) by Mary Baker Eddy.

THE SCHOOL PROBLEM.

(Editorial from the Santa Barbara Morning Press.)

There is delay, and more delay, in the proceedings for a new high school. The necessity is unanimously admitted; and when the right proposition is put forward in the right way, it will be endorsed, with few, if any, dissenting votes.

Instead of "how much can we get," let the school board consider "how little will answer the reasonable purpose." We are not building monuments. Posterity can do that with the dividends accruing from our economic foresight. We are trying to provide adequate facilities for popular education.

Here, again, there is reason for pause. What is education? Is it the looking down of children's throats for enlarged tonsils, and up their nostrils for indications of adenoids, and into their eyes for signs of degeneracy? Is it a prying into family antecedents for the uncovering of hereditary weakness, and the holding of clinics over pupils without the knowledge or consent of their parents? Is not the school nurse one of those unnecessary "fads" about which people justly complain, and which will jeopardize the school as a whole? Shall the entire community be enslaved to the unduly excited and overzealous desire of some spinster school-ma'am to regulate all creation, especially with reference to recreation? Shall the prescribed school course be made subservient to a secret propaganda for the principles of eugenics, and shall the tender and impressive minds of our children be subjected to the morbid theories of modern hygiene and social usage, or shall such topics be left, as they should be, to the judgment of those who are closest and dearest to these boys and girls?

These questions, and similar ones relating to other usurpations and invasions by the school authorities, should explain the doubt that exists in many quarters as to the efficacy of the school system of present times, and the need for calling a halt. Every one of these new departments costs money, and adds to the tax burdens; and unless a limit is reached we will find a special teacher prescribing breakfast foods, another supervising school lunches, another telling the children what to eat for dinner, another inspecting their feet, and still another ascertaining if they are properly clothed. The functions of father and mother as guardians of their offsprings will be obsolete.

The schools should cease their vagrant wanderings through the upper strata of experimentation, and return to earth. Cut off useless and costly furbelows and let father and mother have their old job back. They will be the better for it, and so will their children. Let us have the good old high school with its vigorous instruction along standard lines, its wholesome out-of-door games in place of the indoor gymnasium; military training, football, baseball and field sports for the boys; basketball and tennis for the girls, without the present necessity of a doctor's examination; restoring to parents the right to decide whether or not their children shall participate.

Simplify your proposition, members of the school board, and there will be no doubt that it will meet with the approval of those who have the final say.

The spoken word, the written poem, is said to be an epitome of the man; how much more the done work. Whatsoever of morality and intelligence; what of patience, perseverance, faithfulness, of method, insight, ingenuity, energy; in a word, whatsoever of strength the man had in him will lie written in the work he does.—Carlyle.

Do good with what thou hast, or it will do thee no good. Seek not to be Rich, but Happy. The one lies in Bags, the other in Content; which Wealth can never give.—William Penn.

WOMAN MAY BE UNITED STATES SENATOR.

There is a probability of there being a woman in the United States Senate in the near future, and, as might well be imagined, she will hail from one of the liberal states of the Great West.

Several months ago, Senator William E. Borah of Idaho announced that he would not be a candidate to succeed himself at the next general election. Rumor has it that, although the citizens of Idaho are unable to induce Senator Borah to be a candidate for re-election, the family name will still remain on the roster of the Senate, as the women of Idaho will insist on Mrs. Borah being a candidate to succeed her noted husband.

The talk of Mrs. Borah seeking a senatorial toga has been in circulation for some time, and, not having denied or affirmed her candidacy, it may reasonably be assumed that she will enter the race in the event Mr. Borah ultimately declines to remain in the upper house of Congress.

It is just possible that Senator Borah may have decided to leave the Senate in order to give Mrs. Borah a chance to be the Jeanette Rankin of that body.

There is no reason why women should not be occupying seats in the most august deliberate legislative body in the world, and the day is not far distant when the Jeanette Rankins will be numerous in state and national legislative halls.

SUMMER EVENING.

Now softly, lightly the evening dies,—

Gold-red upon headlands and waves without number,
And a soundless silence tenderly lies

And rocks all nature to dreamless slumber;
Meadow and dingle
Reflected, mingle

With waves that flash over sand and shingle
In one dim light.

Ah! slim is the fisherman's boat, and yet

High on the glittering wave it soars,

The fisherman bends to his laden net,

While the girls are hushed at the silent oars.

The soft emotion
From vale and ocean

Has quenched the noise of the day's commotion.

And bound it still.

—Dr. Jorgen Moe (Tr. from the Norwegian by Edmund Gosse).

HOW THE "GERRYMANDER" WAS BORN.

It was an early American newspaper editor who made the word "gerrymander." He was Major Benjamin Russell of the Massachusetts Centinel, which he and his partner Warden founded in 1784. He was a fighting man, and the Centinel was no tame journal, but whacked blithely and cared not where the chips fell.

In 1811 the Massachusetts Legislature under Governor Gerry made a neat new division of districts for Congress elections. The most insidious and ingenious arrangement of districts was the one for the County of Essex. With great glee Russell took a map of the county and colored the districts to show the heinousness of the device.

Gilbert Stuart, the famous painter, saw the map and suggested that the apportionment looked like a reptile. He made a few marks on it with his pencil and said: "There! it's a salamander!"

Russell jumped up, laughing. "Salamander!" he shouted, looking at the hideous figure: "Gerrymander!"

An engraving of the "gerrymander" was made and hawked through the State. Thus was born what probably is one of the most constantly used of all manufactured newspaper words.

A FARMER LEGISLATURE.

Livermore Herald: The fact that North Dakota has a legislature which is dominated by farmers is causing considerable newspaper discussion and most of the comment seems to be rather uncomplimentary to the bucolic legislators because they are seeking legislation favorable to the farming community. California would be glad to have a farmer legislature for a change. We have had for years legislatures absolutely dominated by lawyers but there is no evidence that we have any better laws on that account, but the lawyers have managed to secure much legislation favorable to their own profession. If we must have special legislation it ought at least to be in favor of the class which is most numerous and therefore most representative of the people, and here as well as in North Dakota it would be the farmers and not the lawyers.

Boston Globe: The cash basis is a poor method of reckoning a man's value to society, even when the man is as rich as the late J. P. Morgan. His net estate is estimated at \$68,384,680, which is by no means the highest figure of American fortunes. It is interesting to study the items of such a multi-millionaire's expenses. The yacht Corsair is an item of \$135,000. There is wine to the value of \$44,743, and there are cigars valued at \$6839. The paintings are listed at prices ranging from \$100,000 to \$300,000, sums which would have kept the painters of them in affluence all their days. Presumably, these figures represent the value to the community of a financier's organizing ability. They contrast interestingly with what the community has paid to other men with brains of practical value. For building the Panama Canal Col. Goethals received \$15,000 a year and house rent, light and fuel. Louis Pasteur, whose scientific discoveries saved the French a sum of money equivalent to the indemnity exacted by Germany after the war of 1870, received a pension of \$2400 a year, which was later raised to \$5000 a year, and the French government is comparatively liberal in such matters. George Washington, for founding this republic, had his expense account O. K'd by the Congress of a grateful nation.

For who knows not that Truth is strong next to the Almighty? She needs no policies, no stratagems, nor licensings to make her victorious; those are the shifts and defences that error uses against her power. Give her but room, and do not bind her when she sleeps, for then she speaks not true, as the old Proteus did, who spake oracles only when he was caught and bound; but then rather she turns herself into all shapes except her own, and perhaps tunes her voice according to the time, as Micahiah did before Ahab, until she be adjurd into her own likeness.—Milton.

FINAL REPORT OF THE METHODIST CONFERENCE.

MEETING PLACE NEXT YEAR NOT
DESIGNATED.

[By Mrs. O. N. Oleson.]

The annual conference of the M. E. church, held in Long Beach, closed at 6:30 Tuesday evening, a full half day later than was anticipated. The Bishop announced that he must leave on Tuesday afternoon and urged that the business be pushed through, but all to no avail. The conference is composed of about three hundred ministers, representing as many assignments of work that must needs be reported. The benevolent causes of the church are presented by speakers sent out by the various boards, and they take time. The adjustment of the finances, especially those of the conference claimants' fund, consumes valuable time, but it is an important factor in the work of the church and must be duly considered.

Last, but not least, is the location of the men for the coming year, a slow and laborious task. It is all the work of a great conference of a great church, intent upon its mission, and plan as closely as possible, a full week seems necessary to attend to all matters decently and in order.

The first hour of each day, so ably filled by the lectures of Dr. Harry Ward, found large audiences, eager to learn more of the "Principles of Social Construction." Here are a few excerpts from Dr. Ward's talks: "Do not simply give alms. Give also that which will make the alms unnecessary." "A little more system will relieve the need of so much philanthropy." "Repression alone never conquers evil." "One of the greatest vices is commercialized amusement." "If you can't change human nature, you preachers had better shut up the churches and stop preaching." "God never made any inferior peoples. The final issue is between God and man alone." "The less of brotherhood we have in the world, the less of God." "Universal service is to be the policy of the world." "Greater than the call to make money is the need for you to find out the will of God concerning you." "The biggest things done by man are done from a desire to serve, not from the motive of profit."

At the anniversary service of the Board of Home Missions and Church Extension, with Dr. Edward Laird Mills and Dr. Greenfield as speakers, some very interesting facts were given. Conditions are daily changing the work of the Home Missions Board. A concrete example is that of the influx of negroes to the North, word having gotten out in the Southland that laborers are needed. In towns where but a very few months ago there were no colored people, new churches have been organized and buildings must be provided. This means expense. On the other hand, in certain sections of the South there are vacant church buildings, simply because the membership has been depleted by these removals.

Saturday morning, Billy Sunday preached to the conference. The lay association was invited to be present, and at nine o'clock the public was invited to take any vacant seats. Rode-heaver led in the singing, and gave two solos, "I Walk With the King" and "My Dream Will Come True." Sunday defined a great soul as one who had capacity for great love. "Saloons are getting ready for their roofs to fall in. I expect to preach the funeral sermon of the liquor traffic." "The thing a person really believes in he will fight for, die for. Get in the game up to your eyebrows." "You might as well talk about a heavenly devil as a worldly Christian."

A pleasant incident of Tuesday was the presence of Mr. and Mrs. H. B. Tolle of Paso Robles, the date being their fiftieth wedding anniversary. They were escorted to the platform and introduced by the Bishop, the conference standing to receive them and to sing "God Be With You." Someone then announced that this date was the 16th wedding anniversary of Bishop and Mrs. Leonard and moved that a greeting be telegraphed to Mrs. Leonard.

The report of the Book Concern, given by Mr. Boys, was of vital interest. The assets are \$6,365,000. Total sales of Sunday school supplies and books amounted to \$2,972,742 for this year. The dividend declared was \$300,000, the share of this conference being \$4,159, which sum goes to the worn-out preachers. The Book Concern was 128 years old last May. It publishes about 50 volumes a year.

Just previous to the reading of the appointments, a collection of \$300 was asked for by the Bishop, to help out a needy charge. The audience responded by giving over \$400.

The appointments for charges in Orange county were as follows: Buena Park, Rev. J. E. Fischer, who comes from Echo Park, Los Angeles, Rev. A. L. Bear, who was at Buena Park, going to Victorville; Fullerton, Rev. H. B. Clark, who comes from El Centro, the former pastor, Rev. H. H. Hucker, going to Redondo Beach; Anaheim retains its pastor, Rev. Harry W. White. Huntington Beach has a change, Rev. R. J. Coyne going to Grace Church, Riverside, the pastor there, Rev. R. J. McKee, taking Rev. Coyne's place. Newport Beach and Harper will be served by L. O. Bostwick, and Orange by the same man, Rev. J. E. Hall. Garden Grove and Olinda have the same as last year. Wintersburg will have Rev. Carl M. Ross as its pastor, who comes from Coronado, Rev. O. N. Oleson being assigned to San Marcos, and the pastor of the latter place, Rev. H. H. Roissy, comes to Westminster. First Church, Santa Ana, made no change, but at Richland Avenue, Rev. Stacy A. Smith was assigned to succeed Rev. F. G. Watson, who goes to Inglewood.

The exact place for the next session of the conference was not named, although it was moved to take it to the orange belt district, both Redlands and Riverside being mentioned. Since the conference now is self-supporting, the securing of hotel accommodations can be arranged for, as do other large conventions. An invitation was extended by Dr. Charles Edward Locke to come to First Church, Los Angeles, but the sense of opinion was that the city would not be the logical meeting place in 1919, at which time the lay electoral conference will convene.

BIG DELEGATION WILL HEAR BILLY SUNDAY.

TUESDAY EVENING, OCTOBER 23,
THE TIME.

Reservations have been made for the delegation from Huntington Beach to hear Revivalist Billy Sunday, and the trip will be made Tuesday evening, October 23rd. The preparatory arrangements are in charge of Judge C. W. Warner, and those desiring to go may notify the pastors of the churches or Judge Warner. Names may also be left at the First National Bank and the News office.

The Sunday management has arranged to seat 150 persons, who must be at door No. 18 not later than 7:15. The delegation will probably leave Huntington Beach about 5:30 or 5:45. Special cars will probably be chartered for the occasion, and the fare will be 65 cents per person.

THIRTY-SIX BAGS OF LIMAS PER ACRE.

CLOVER FERTILIZER PROVES OF
BENEFIT.

J. A. Dunn, residing north of Huntington Beach, has finished threshing his beans on his 19-acre tract, the average being 27 bags per acre. On one section of his place, consisting of 9½ acres, the average was 36 80-lb. bags per acre. This is one of the largest yet reported. On most of this field, Mr. Dunn sowed clover in January, which was plowed under when about two feet high, before bean planting, which appears to have been an excellent fertilizer.

BROOM FACTORY IS NOW IN OPERATION.

OPENED FOR WORK TUESDAY
MORNING.

The Beach Broom Company's factory, on the railroad track, between the Pacific Oilcloth & Linoleum Co. and the Holly sugar factory, is again in operation, having opened for business Tuesday morning.

Manager Harry A. Bowman states that it will not be long before brooms made in Huntington Beach will be on sale in the stores throughout the Southland.

HIGH SCHOOL NOTES.

(By V. B. Brown, Principal.)

A "get-acquainted" gathering of the High school faculty and board was held in the High school Wednesday evening, October 10th. The lower hall was arranged as a reception room. From here the party was called to a very prettily appointed table in an adjoining room, where dinner was served by some of the girls from Mrs. Edmiston's advanced cooking class. This demonstration of the practicability of applied science added credit to the high grade of work being accomplished in this department.

HERE'S WHAT UNCLE SAM PAYS OFFICERS AND SOLDIERS.

Privates on Foreign Soil Will Draw
A Good Salary.

(Anaheim Gazette.)

What pay do the soldiers of the United States receive? That is a question that is often asked these days and seldom answered correctly. Better cut this out, therefore, and paste it in your scrap book, for the figures are official.

Commissioned officers are paid yearly salaries as follows:

General	\$13,500
Lieutenant-General	11,000
Major-General	8,000
Brigadier-General	6,000
Colonel	4,000
Lieutenant-Colonel	3,500
Major	3,000
Captain	2,400

First Lieutenant 2,000
Second Lieutenant 1,700
Commissioned officers must provide their own clothing, food and other equipment.

Since June 1st, 1917, privates receive \$30 per month; corporals, \$36; sergeants, \$38 to \$81. In addition, they receive clothing, food and all equipment.

Both officers and enlisted men receive 20 per cent additional pay when serving in a foreign country.

Those assigned to aviation duty receive 50 per cent additional.

The American private is looked on as a millionaire in France, because he has so much money. The paymaster is prompt to get around, moreover, and the boys get what is coming to them, in American gold coin, on the nail. At least that was the system in the Spanish war, and there is no reason to believe the system has been changed. Of course, as it is against the policy of the government in the present war to send gold abroad, even to the allied nations, it may well be that the American soldiers are paid in paper money, but American paper money is as good as gold the world over; even in Germany, where they do not have any of it.

The French soldier gets seven cents a day, and clothing and rations. The British Tommy gets thirty-six cents for the most efficient privates. The Canadian and Australian rates of pay come nearer to the American. The Italian has only a few cents. The German, poor devil, has the least of all, except the Turk, who gets nothing. And the German and the Turk don't even get glory, these days, and will get less when our boys get at them.

Secrets of GOOD ADVERTISING

MISTAKES TO AVOID.

Previous articles in this series have shown how to prepare effective advertising. In this one, we point out the mistakes most frequently made even by some who consider themselves good advertisement writers.

One of the most common faults in advertising is the attempt at cleverness, which often fails to impress the reader as such and consequently fails flat.

If the purpose of the advertisement is to sell something (and it almost invariably is), then "something catchy" will not accomplish the desired results as readily as a few well-chosen words of sensible, forceful sales argument.

Flowery language also is very much out of place in a good advertisement. Elaborate figures of speech, large and unusual words and long, complicated sentences often serve to confuse the reader and fill him with disgust. The really good ad-writer avoids these faults as he would a plague.

The mistakes mentioned in the foregoing paragraphs are a few of the reasons why most unsuccessful advertisers have formed the conclusion that advertising doesn't pay.

GRAMMAR SCHOOL NOTES

(By the School.)

The Chamber of Commerce of Newport Beach has invited the school faculty for a boat ride, Saturday morning, October 13th. The teachers will probably take a basket lunch, which, with the boat ride, will make an enjoyable picnic.

There is no itch going the rounds of the school. No common towels nor drinking cups are used, which, with other sanitary precautions, make the school a safe place.

The new pupils enrolled during the past week are as follows: Kindergarten, David Hassan, Margaret Burns, Patricia Burns; second grade, Augustus Howard; fourth grade, Theodora Howard, Violet Viall.

The pupils of the sixth, seventh and eighth grades are planning to issue a few copies of a school paper, as suggested by their grammar. The printing will be done on the school Neostyle copying machine. The staff follows: Editor-in-chief, Gertrude Skinner; manager and printer, Ralph Kinsey; censor, Harold H. Campbell; board of editors, sixth grade, Bernice Newland, Edna Hearn, Hildred Probert; seventh grade, Donald MacDonald, Beulah Ellis, Jeffry James; eighth grade, John Masters, Gertrude Skinner, Ralph Kinsey; seventh-eighth grade, Mary Bundschuh, Russell Cook, Frank Raber. Departments: School news, Mary Bundschuh (to include interviews); sports, John Masters; stories, poems, essays and sketches, Jeffry James; personals, Beulah Ellis; wit and humor, Frank Raber (to include conundrums, etc.); editorials, Gertrude Skinner (to include debates); lost and found, Bernice Newland; questions and answers, Donald MacDonald; visitors, Edna Hearn; trips and excursions, Russell Cook; contributions from teachers, Hildred Probert.

All of the board of editors are reporters and may pick up news in departments not their own for the head of that department.

The Grammar school will hold its California's Pledge to Patriotic Service today at 9:05 o'clock. The program is short, but patriotic. It was not held last week for the reason that many of the pupils had to be taught songs that the older ones know.

LETTER FROM COM.

RADE C. H. DAVIS.

Soldiers' Home,
Sept. 30, 1917.

Mr. and Mrs. C. J. Gardner.
Kind friends, we got here all right and had the goods in the house before one o'clock. We are enjoying our new home very much. I would of written sooner, but I had to wait for a letter box so we could give you our address. Won't get it till ten o'clock tomorrow. We can sit on our porch and visit with our neighbors on each side of us, and also with one living in one part of the house we live in. Everyone is sociable and pleasant to be with. It is surely fine to be where we can have company all the time. We don't think of getting lonesome one minute. The board at the Home is very fine indeed. Old cripples like myself are waited on like a mother would a child. No grounds for complaint whatever. We are glad we made the change, but it was a costly move. I am sorry to say that someone got his fingers in my wife's handbag and took a twenty-dollar gold certificate. Whoever it was, God will never let live in peace on earth or heaven, I think.

October 3rd, I have got my box No. today. It is: C. H. Davis, R. D. 1, Box 157C, Sawtelle, Cal.

If every maker of tires showed the internal structure of their casings, as the rubber saturated cord body of the Goodrich Silvertown is here laid bare, you would find three types of construction:

Cotton fabric, in five to seven plies. Thread Cord, or Web (strings the size of trout line held parallel the circumference of the tire, interspaced by cross threads) gummed together in five to seven plies—meaning internal heat.

And cable cord, the unique, patent protected, two-play structure found ONLY in GOODRICH SILVERTOWNS, the original cord tire.

SERGEANT TURNER WRITES ANOTHER LETTER.

Camp Sheridan, Oct. 7, 1917.

Dear Friends:

To me, the customs, ideas and ways
in the South are very interesting, and
I thought they might be of interest
to you.

I attended church again this morn-
ing and took my usual place in the
choir. We have a very nice M. E.,
South, church, and the people are very
cordial. Right here I might say that
during the sermon a comparison was
drawn, using General Lee and Jeffer-
son Davis as an illustration of men
who arose to a country's need and
stood for a principle and did their
duty as they saw it. I only tell you
this to show you that the ideas of the
South still linger, and to further show
this, let a band play "America," "Star
Spangled Banner," or almost any
other piece and it calls forth little
demonstration, but when they strike
the strains of "Dixie" there is at once
applause and heavy cheating.

I think I am very fortunate, as today
makes the second Sunday I have been
invited out to dinner. The party
whom I am spending the day with is
originally from Michigan. He came
here in November, 1884, and has seen
much of the city of Montgomery grow
up. His name is Mills, and he and
his family are the old-fashioned,
hospitable kind, such as you have
known. When Mr. Mills came to
Montgomery he brought with him the
inside doors, which he had hewn out
of butternut in the woods of Michigan.
The wood was taken just after the
awful forest fire known as "The Fire
of the Burnt Thumb."

Mr. Mills tells me that his house
was the first brick veneer home in
the state of Alabama. His furniture
is made of walnut and is of the old-
fashioned design.

The people of the South call a
broom such as you or I use a Yankee
broom, and in many places in the
country they still use a broom built
from a tall weed which grows in this
country. They tie it up and use it as
a bundle, with no handle or stick, so
that they have to bend way over as
they use it. Years ago it used to be
a custom to take the branch of a tree
full of leaves and sweep the front
yard of their farm homes each Satur-
day afternoon, so as to be clean for
Sunday.

The old ox-cart is still in great de-
mand, and we soldier boys pass many
such rigs as we drive about the coun-
try on our trucks.

These people are very slow in their
movement. For some time after we
came here, people used to stop and
watch us walk up the street as though
they thought we were on our way to
a fire. However, they are at last get-
ting the idea, and some are begin-
ning to follow our example.

I guess I told you before that most
of the homes of the city of Montgom-
ery and of the South are frame build-
ings, much run down and badly in
need of paint.

Then there is the Southern girl. I
know the young men will want to
know something about them. Well,
young men, girls and young women
are very much the same any place I
ever went; but if a Southern girl
smiles at you, beware! I never saw
women who could talk with such a
musical tone or train their dainty
dresses as the girl of the South can.
Some of them have beautiful eyes
and bewitching ways. I don't know
whether it is safe to write all this or
not, for I fear that perhaps some Cal-
ifornia people will be moving to Ala-
bama.

In the home of a young lady,
where I was invited, there were ne-
gro servants who came at any call
and did the very slightest of things
which you might wish—even to get-
ting a book off the table or handing
you a reading glass. The young lady
was also a very fine player and could
sing as well.

There is nowhere near the amount
of automobiles in this country that
there is in the West. In fact, it is a
rare thing to see a new, up-to-date
machine. The horse and buggy takes
its place. Our roads are made of cob-
blestone, brick, and there are many
worn-out rock roads.

The negroes are the chief laborers,
and receive about a dollar per day for
labor. However, when a white man
takes a labor job he receives the
same amount. They tell me most
whites that do labor are very low.
They live little better than the negro
and sometimes not as well. They are
looked down upon by both whites and
negroes. Some of them never have
seen the inside of a school and most
of them cannot write their own name.

There are hundreds of negroes and
whites who work for the government.
They are helping to build up the
camp. There is nothing a negro
would rather do than go on a con-
or "possum hunt. Some of our boys
have hired them as guides and gone
on such hunting trips. Most of them,
however, stroll the still and heavy
forests alone. The growth is very

dense, and one needs a guide so as
not to get into swamps, and what
few cases there have been of hook-
worm have been traced back through
some wild chase of young fellows who
were alone.

I have talked to few people who
have ever been out of this state, and
most of them never been out of the
county. They are born, raised and
die within a few miles of where their
parents and grandparents lived. In
most of the negro cemeteries the
stone only gives the date of death, as
the other dates, such as birth, etc.,
are, in many cases, unknown.

I would like to give you some
points about the way of the negroes
and some things which relate to them,
but such would not bear publication.

I wish to thank those friends of
mine who have written me—especial-
ly some of my graduating class. I
will write them personal letters just
as soon as I can find time. I have
many letters to write, and we must
do it after work, and we are usually
so tired that we only have time for
one or sometimes none before retir-
ing.

Good luck to you all and Huntington
Beach. Your friend,

Sergeant Forest B. Turner.

Good Huntington Beach people, who helped make Saturday, October
6th, one of our Big Days. With one exception, it was our biggest
day since we opened for business in Santa Ana; and you know we
have had some big ones, so we know you will forgive us if we feel
a little proud. And now, remember

OUR BIG ANNIVERSARY SALE

is in full blast. Come Saturday, and every day next week. Our
Extra Specials each day will alone pay you for your trip. Our
tables and shelves are full of bargains at cut prices. "Come in and

IF PAID IN ADVANCE

There is Money in Beach Acreage

If you buy at the right price and at the right beach.

There are only 8½ miles of high beach frontage now available close to Los Angeles, and 5 miles is occupied by the cities of Santa Monica, Redondo and Long Beach. Huntington Beach has the other 3½ miles.

If you price close-in acreage at the older and larger beach cities you will find it has reached a figure that is almost prohibitive, and that there is no longer a chance for quick increase and good profits, while at Huntington Beach you can buy good, close-in acreage for

\$350 to \$500 an Acre
Easy Terms

Full half-acre tracts inside city limits, on or near paved boulevards, with every city convenience.

Only \$500

Terms—\$50.00 cash, balance \$25.00 every three months. Now is the time to buy, while prices are low.

SALE UNDER FORECLOSURE OF MORTGAGE.

In the Superior Court of the County of Orange, State of California.

Harmon M. Newell and Harriet G. Newell, his wife, Plaintiffs,
vs.

Henry J. Steveson, Emma Steveson, Anna Marguereta Steveson, Viola May Steveson, John Doe, Richard Roe, Jane Doe, Sarah Roe and John Doe Company, a corporation, Defendants.

Under and by virtue of a decree of foreclosure and order of sale duly made and entered in the Superior Court of the County of Orange, State of California, on the 21st day of September, A. D. 1917, and a Writ of Execution for the enforcement of judgment requiring sale of property under foreclosure of Mortgage issued out of the said Superior Court on the 21st day of September, A. D. 1917, in the above entitled action, in favor of Harmon M. Newell and Harriet G. Newell, his wife, plaintiffs, and against Henry J. Steveson, Emma Steveson, Anna Marguereta Steveson, Viola May Steveson, John Doe, Richard Roe, Jane Doe, Sarah Roe and John Doe Company, a corporation, a copy of which said decree of foreclosure duly attested under the seal of the said Superior Court on the 21st day of September, A. D. 1917, and to me delivered on the same day, together with the said writ annexed thereto, whereby I

am commanded to sell at public auction for cash, lawful money of the United States, the following and in said decree, described real estate: Situated in the County of Orange, State of California, and bounded and particularly described as follows, to-wit: Lots One (1) and Three (3) in Block Five Hundred Six (506) of Huntington Beach, Main Street Section, as shown on a map recorded in Book 3, Page 43 of Miscellaneous Maps, records of Orange County, California. Together with the tenements, hereditaments, and appurtenances thereunto belonging, or in any wise appertaining.

Public notice is hereby given that on Friday, the 19th day of October, A. D. 1917, at 2 o'clock, P. M. of said day, I will proceed to sell at the south door of the court house, in the city of Santa Ana, at public auction, to the highest bidder for cash, in lawful money of the United States, all the above described real estate, or so much thereof as will be sufficient to satisfy said decree for principal, interest and all costs.

Given under my hand this 21st day of September, A. D. 1917.

C. E. JACKSON, Sheriff.
By A. K. CRAVATH, Deputy.
